UNDERWATER HOA

ABOUT US

The Underwater HOA ("Homeowners Association") began as a participatory public art project by acclaimed environmental artist, Xavier Cortada. The goal of the project is to create awareness about rising sea levels and to engage citizens throughout Florida to take action towards solving the most urgent crisis of our times: climate change.

Now, in collaboration with Mr. Cortada, FCV Education Fund and LCV Education Fund's Rock the Earth program are laying the foundation for communities to organize around these issues.

We aim to build awareness and inspire action through art: bringing neighbors together to learn about how climate change is affecting their communities and supporting them as they advocate for more ambitious clean energy and resilience policies from our lawmakers.

Would you like to become part of the Underwater HOA? Visit **fcv.rocks/underwater** to sign up today!

FREQUENTLY ASKED QUESTIONS

Q. How do I join the Underwater HOA?

A. It's easy. To join the Underwater HOA speak with a meeting facilitator or staff from one of the represented organizations.

Q. How often are meetings held?

A. Meetings are held once a month.

Q. Who are Florida Conservation Voters and the League of Conservation Voters?

A. We are environmental organizations working to help communities lay the foundation to organize around issues impacting the environment.

Q. Do I have to be a homeowner to join the Underwater HOA?

A. No, because the issues of sea level rise and climate change impact everyone. When we think of "home," the first home that comes to mind is the one that we all share: our planet.
